Subject: computer information

I have located all that I can find of the computer agreements for Clinton County purchases. The following is the dates and amounts that I could find:

ATEK, 1990 121,139.00 at the end paid \$34,000 per year support
Upgraded to MVP in 2001 but can't find total amount of purchase paid 42,000 per year support
Nikish RMS 2007 original cost \$231,000 less \$125,000 for being beta site = total cost \$106,000
with annual support of \$22,000 per year

I have not had a chance to get the GIS or CAMA, however, GIS is with Schneider Engineering and was just completed within the last couple of years. The previous Assessor held all of the CAMA contracts and I haven't been able to locate them yet. They are currently on the Manatron Proval System.

I hope this will be of some assistance and I will continue to get the remaining information for you.
